

BE54030 PRISMATIC SUPRA 3.0x32

FEATURES

- Compact
- Waterproof
- Shock-proof
- Suitable for all calibers
- Wide field of view
- Multi-coated optics
- Standard mount Weaver MIL-STD-1913
- Red/Green/Black Reticle
- Can be used without batteries

PRODUCT OVERVIEW

Prismatic Supra 3.0x32 is built to sustain heavy recoil up to 500G. The sight is suitable for all calibers of firearms including 7.62x54, 12 Gauge, 20 Gauge.

The sight has an easy to use Ballistic reticle with bullet-drop compensation scale that allows for fast target acquisition, especially moving targets.

The sight features illuminated switchable reticle, red or green, with five brightness settings.

Prismatic Supra 3.0x32 may be also used without batteries.

The Prismatic Reflex sights feature durable and reliable housing made of aircraft aluminum and solid, heavy-duty mounting screws.

SPECS

Product Modification	Prismatic Supra 3.0x32
SKU#	BE54030
Magnification, x	3.0
Objective lens diameter, mm	32
Field of view, degree	6
FOV at distance 110/100 <u>yards/meters</u> , <u>ft/m</u>	35/10.7
Eye relief distance, mm	72
Diopter adjustment, D	± 2
Focus range, yards	3 to infinity
Reticle type	illuminated, round-shaped with bullet-drop compensation scale
Reticle color	Red/Green/Black
Reticle windage /elevation adjustment	½ MOA per click
Adjustment range, MOA	60
Overall dimensions, <u>in/ mm</u>	5.35"x3.19"x2.44"/136x81x62
Weight, <u>oz/g</u>	16.1/456
Power supply	3V (one CR2032 or DL2032 or ECR2032)
Estimated battery life, hour	300
Operating temperature, <u>°F/°C</u>	-22 to +122 / -30 to +50
Water intrusion	IPX5
Humidity, %	to 98%

RETICLE TYPE

Illuminated, round-shaped with bullet-drop compensation scale.
